

We only have
one planet.

There is no "Planet B"

Moving from Confessions to Commitments

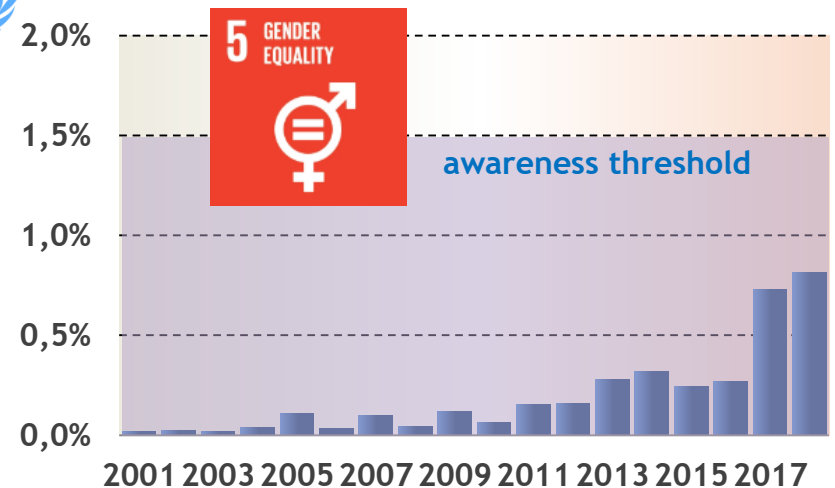

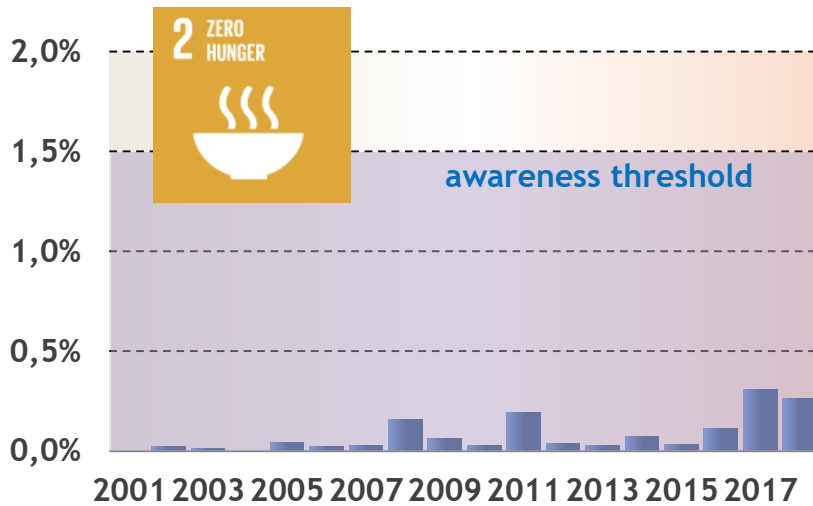

Presentation by Roland Schatz
founder and CEO UNGSII Foundation, Vienna
*SDG Conference Vatican City -
March 7 2019*

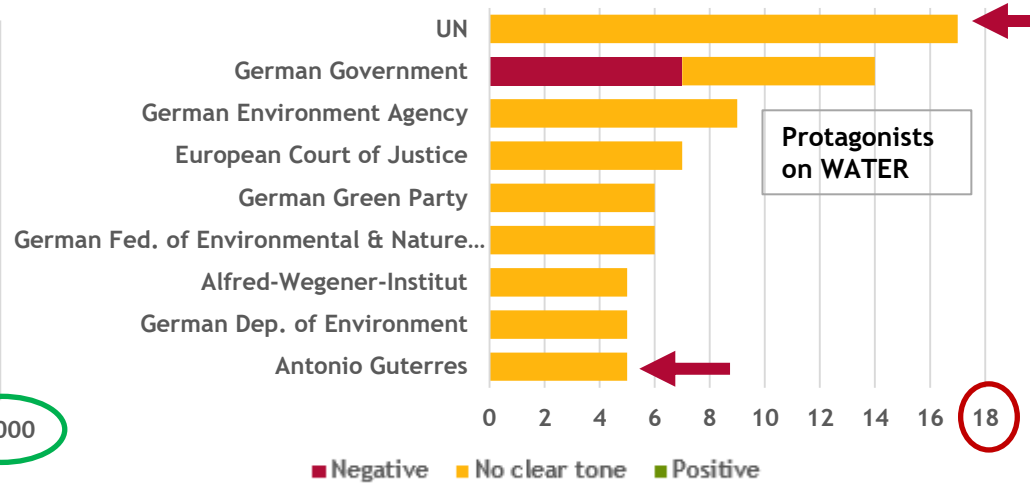

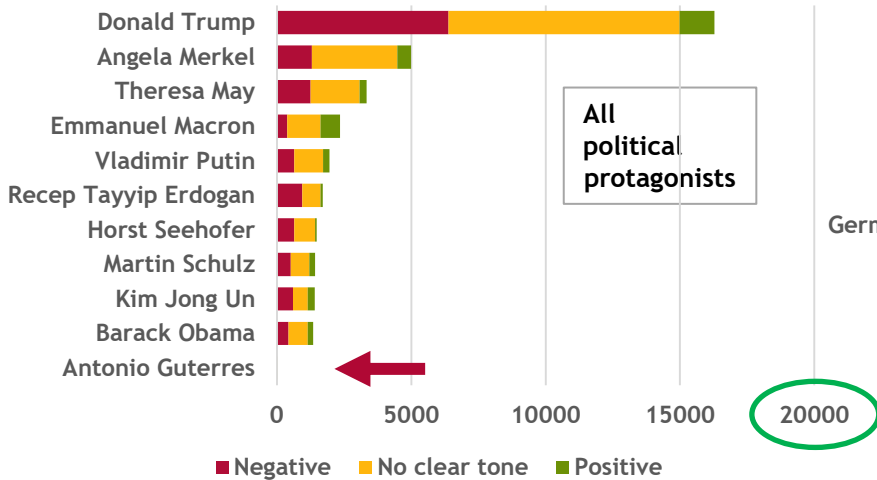

International Conference
on Religions and Sustainable Development Goals
Vatican City, 7-9 March 2019

SDGs provide big data – Global TV news has a lot to explore

UN leaders and agencies lack the skills to create global awareness for purpose and commitment

Faiths framed in global Media without SDGs and purpose lose their ability to fascinate beyond those already convinced

Muslims

Jews

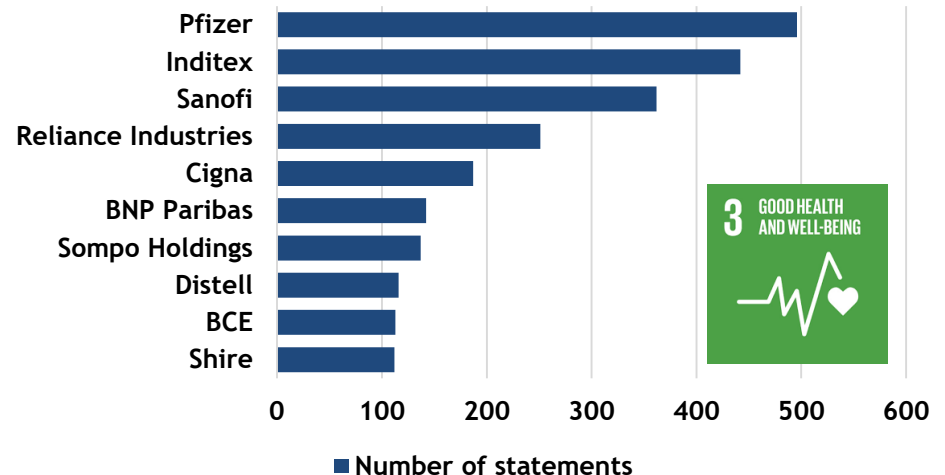

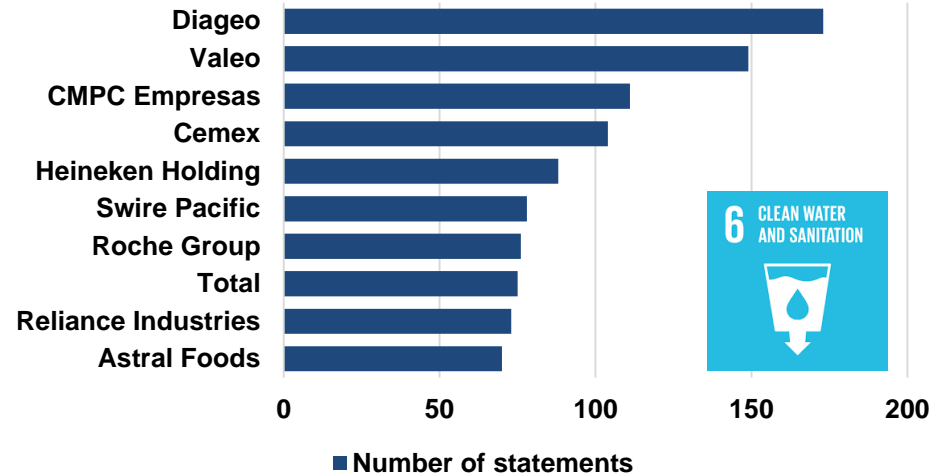

Catholics

Protestants

Top 500 Corporates recognized SDGs as key , unleashing relevant capital and inspiring future talent: SDG11 rank 3

Faith Communities & Cities: Why Start Change Today

Challenges

- 4 billion people experience water stress (World Bank)
- Solutions for five NCDs (obesity, cancer, heart disease, etc.) cost \$47 trillion next 20 years
- 18 million staff shortage by 2030 BMJ
- Number of people over the age of 60 should reach roughly 2 billion.
- The global population will jump from 7.6 billion to 9.7 billion by 2050 according to the United Nations

Solutions

- 8 out of 10 identify with religious groups
- 87 per cent of 500 of the largest global companies committed to one or more SDGs
- Once the media has got it coverage on solutions can quickly become neutral and positive
